MILLENNIUM SOFTWARE UPGRADE

The newest version of the **Millennium** Software is now available for download.

To upgrade to the most recent version of the **Millennium Payroll** Software, follow these steps. If you experience any problems, please contact your local **PayDay-USA** office.

Quick Info	
File Name:	Millenn24119.zip
Download Size:	25.4 MB – 25,972 KB
Version:	2.4.119.1540
Installation Password:	ArthurMadeMe

WARNING: Please make sure **Millennium Payroll** is not in use by any users while running the upgrade.

1. Go to our web site at <http://www.paydayusa.com>
2. Click on **Software**, and then click on **Download Area** from the drop-down menu.
3. Click on the [Millennium 2.4.119](#) link, and then click **Save**.
4. In the **Save As** box, look for the **Payroll Folder** used by **Millennium Payroll**.
5. In the **Payroll Folder**, look for the **Install Folder** and double-click on it. Then click **Save**.
6. After the download is complete, click **Open**, double-click on the **Millenn24118.exe** and follow the on-screen prompts.
7. In the **Millennium Payroll Password Box**, type the **Installation Password**, and then click **Next**.
8. In the **Millennium Payroll Installation Box**, click on **Browse** and look for the **Payroll Folder** and then for the **Install Folder** again. The software will then begin unpacking the files.
9. In the **Override Protection Prompt**, click on **Yes To All**. Millennium will take a few seconds to restart the **Setup** again.
10. In the **Welcome Box**, click **Next**.
11. In the **User Information Box**, click **Next**.
12. In the **Choose Program Files Destination**, click **Next**.
13. In the **Choose Data Files Destination**, click **Next**.
14. In the **Select Components Box**, on the first (or only) computer to be upgraded select **Server**, then click **Next**. For all subsequent installations in this upgrade cycle, such as those on a network, choose **Workstation**.
15. In the **Select Program Files Folder Box**, click **Next**.
16. In the **Start Copying Files Box**, click **Next**.
17. In the **Setup Complete**, click **Finish**.

NETWORK INSTALLATIONS ONLY: *If you have a network setup (more than 1 computer using **Millennium Payroll**), you will need to run the upgrade on each computer. The first workstation that you install should follow steps 1 – 17. For every subsequent workstation, browse to the **Install Folder** in the **Payroll Folder** on your network. Find and double click the **Setup.exe** file and follow steps 10-17.*

- **Anti-virus software users:** Some anti-virus software programs may interfere with this download. If you experience any problems, please disable anti-virus software before attempting to download again.

- **Note:** Third-party download managers (for example, Netzip, GetRight, etc.) intercept the download, and cause the installation to stop. To prevent this, disable third-party download managers before running the setup file.
